

Cleanup activities take place at head office and Okazaki plant

In Anden office area, the end of May had been a weekly cleanup activities.

Human Resources & General Admin Dept staffs has conducted a gutter cleaning of head office's employee parking on May 28. And two hundred and twenty-six of our employees had participated in picking up trash around the Anden head office and Okazaki plant on May 29.

We will continue working on environmental cleanup activities.
